

Respect for our neighboring communities:

- We have an agreement with “**Hogar de Cristo**” and collaborate with them through the 1+1 Campaign in which our company, Viu Manent y Cía. Ltda., matches the payroll contributions of employees who wish to participate, thereby effectively doubling the monthly donations to this worthy cause.
- We and our agricultural neighbors maintain expeditious communication with respect to the new **Regulations on the Application of Agrochemicals**.
- We also provide resources for “**Equine Therapy Classes for Children**” program through the Viu Manent Equestrian Club.
